Frazee Care Community Recognized as Great Places to Work

FRAZEE, Minn. (February 8, 2023)– Frazee Care Center, Frazee Assisted Living, and Frazee Senior Living received Align’s 2023 Workplace Excellence Award for their dedication to workforce engagement.

The Team Member Engagement Survey was completed in January 2024 on behalf of Frazee Care Center and Frazee Assisted Living by [Align™](#), an independent research firm that specializes in procuring purposeful data to support senior living and care organizations in quality improvement.

The Workplace Excellence Award is presented annually to organizations who achieve at least a 25 percent response rate and met or exceeded 80 percent of survey participants responding with either “excellent” or “good” to the statement “Rate us as a place to work”.

“Earning a high level of favorable responses to the survey question, ‘Rate us as a place to work’, is an indication of Frazee Care Center, Frazee Assisted Living, and Frazee Senior Living’s commitment to creating work environments where employees feel an emotional connection to their work,” said Align CEO Neil Gulsvig.

Since 1971, Frazee Care Community has served the changing health care and housing needs of Minnesotans in the Detroit Lakes area with a true continuum of care. The community offers comprehensive long-term and short-term care options for individuals in need of 24-hour skilled nursing care or rehabilitative care after surgery or other illness. Independent and assisted senior living is also provided at Frazee Senior Villa and Frazee Assisted Living as well as Vergas Assisted Living in nearby Vergas.

“The Align Team Member Engagement Survey supports our leaders in accurately measuring team engagement and overall team satisfaction throughout our multi-site community,” said Frazee Care Community Executive Director Patrick Krejci. “Annual survey results provide invaluable information that serves as a cornerstone for our workforce improvement plans.”
